Legislation Aiding Restaurants Approved

Submitted by Rep. Joe Emrick (R-Northampton) House Bill 2513, which passed the House and Senate this week, now heads to the governor's desk, would allow restaurants to operate at 50% capacity with the ability to operate above that if the guidelines issued by the Centers for Disease Control and Prevention and the Commonwealth allow, or if they maintain physical barriers between customers. Bar service would also be allowed once again under the legislation. Establishments affected by the legislation include restaurants, bars, hotels or private clubs that serve food and beverages, brewpubs, breweries, wineries or distilleries, and event venues. Excluded are night clubs, music and entertainment venues. The restaurant industry, in particular, has been hit hard during the pandemic. According to the Philadelphia Business Journal, 70% of restaurants and bars may not survive the pandemic.

Portland Upper Mt Bethel Food Pantry Needs Your Help

With an increase of 30% - 40% of people coming to P.U.M.P. due to the Covid-19 pandemic, P.U.M.P. Needs to Grow Again.

The food pantry is currently serving 150 - 175 families who receive food weekly from the pantry. All the food is distributed by approximately 30 to 40 volunteers. The food supply also has risen

25% -30% and continues to come from donations, Second Harvest, Trader Joe's, Northampton County and the Salvation Army.

P.U.M.P. has outgrown the space allotted at the fire hall, and is in desperate need of its own building to continue its operation.

They are currently working with Upper Mt. Bethel Township., Northampton County, Senator Scavell, and State Rep. Joe Emrick to help us with this project.

They are asking at this time for the communities cooperation in helping secure the funds to purchase a parcel of land and construction of a new building.

P.U.M.P. is a 501c (3) and donations are tax deductible (check with your accountant). Donations can be sent directly to Portland Upper Mt. Bethel Food Pantry INC P.O. box 69 Portland Pa. 18351 or visit the PUMP at 111 State St. Portland Pa. Mondays from 9:30 a.m. to 12:00 p.m.

Grand Central Landfill Hosts Fire Companies for Training Night

Nearly 50 men and women visited the Grand Central Landfill throughout September for special trainings focused on emergency management and fire safety. The Grand Central Landfill hosted area fire companies as part as an annual training session.

The group included firemen from Wind Gap, Pen Argyl (Lookout Fire Company #1) and Bushkill Township.

The visit included a detailed discussion about Waste Management's Compressed Natural Gas (CNG) fleet and how to handle any potential emergencies. Brian Stahl, a Grand Central Hauling truck driver, Maintenance Manager Matthew Gibas and Maintenance Supervisor Bruce Archer provided the instruction and demonstration for the emergency features on the CNG fleet.

Brian is no amateur when it comes to Waste Management's trucks. He has spent 27 years with Grand Central Hauling and equally the same amount of time as a fireman. He serves as the Fire Chief for Bushkill Township Fire Company – one of the emergency crews that would service Grand Central Landfill.

Grand Central's Landfill Manager, Joe Statile and Sr. Community Relations Specialist, Adrienne Fors provided a detailed explanation of the facility in the parking lot at the office. Due to COVID, the team couldn't tour the facility on the bus like previous years, but Joe and Adrienne happily explained key components of the facility. The discussion included the facility's landfill gas-to-energy project and the Grand Central Wastewater Treatment Plant. Having knowledge of how to access these buildings will help crews at a time of emergency.

ABOUT WASTE MANAGEMENT'S GREATER MID-ATLANTIC AREA - Waste Management's Greater Mid-Atlantic Area (GMA) includes the company's operations in eastern and central Pennsylvania, New Jersey, New York City, Delaware and on the DelMarVa Peninsula. The area's central office is in Ewing, N.J. The GMA employs about 3,000 professionals dedicated to protecting and improving the environment.

What Cancer Cannot Do

Cancer is so limited..
It cannot cripple love.
It cannot shatter hope.
It cannot corrode faith.
It cannot eat away peace.
It cannot destroy confidence.
It cannot kill friendship.
It cannot shut out memories.
It cannot silence courage.
It cannot reduce eternal life.
It cannot quench the Spirit.

Easton Garlic Fest 2020 Goes Virtual Due To Pandemic

Fun features planned for online-only version of festival. Usually the first weekend of October would see thousands of garlic lovers flocking to downtown Easton to ingest as many odoriferous goodies as they could over two days. But as announced on August 6, the 17th edition of the event has been canceled due to the pandemic. However, that doesn't mean that all of the fun has to stop.

Event organizer Jo Moranville has planned some fun, online-only features from now through what would have been Garlic Fest weekend, October 3 and 4, that can be experienced on the event's official Facebook, Instagram, Twitter, and YouTube accounts, and the festival web site: www.eastongarlicfest.com

Stinky Garlic Cocktail Contest: Since Moranville knows how much her festival guests enjoy the stinky concoctions that Garlic Fest bartenders come up with, she thought they might like to learn how to make a few at home.

The Stinky Garlic Cocktail Contest features four demonstration videos – one each from Porter's Pub, Black & Blue, 3rd & Ferry Fish Market, and The Standard – on the EGF YouTube channel. After watching each video, viewers can vote for their favorite cocktail by "Liking" the video with a thumbs up. The video with the most Likes will be the winner, which will then be featured as the "Best of Fest Stinkin' Cocktail" at the 2021 event. The four restaurants will also be selling their concoctions October 3 and 4 for customers to enjoy onsite or to-go. Videos are already live online, so voting has started and runs through Sunday, October 4 at 11:59 pm.

Virtual Garlic Fest Cook Along: While the tastes of Easton Garlic Fest can't be enjoyed virtually, festival-goers can make their own stinky, garlicky foods at home with the help of Garlic Fest's favorite chefs. The Cook Along will feature four videos – one each from chefs at Stoke, Black & Blue, Antonio's and Two Rivers Brewing – who create mouthwatering garlicky dishes that fans can cook along with to create their own Garlic Fest at home. Ingredient lists will be posted mid-week so fans can shop ahead of time and be ready to cook along when the videos are posted online this coming Saturday and Sunday.

The participating restaurants will also be serving up the dishes that are featured in their videos over what would have been Garlic Fest weekend. So customers can dine in or order carryout to enjoy at home.

Vendor Offerings: A few vendors are making special offers which will be posted once a day this week leading up to the would-be event weekend. Garlic lovers can take advantage of savings on some amazing garlicky products to round out the at-home Virtual Easton Garlic Fest experience.

Stinky Merch: Moranville created a special 2020 Virtual Garlic Fest t-shirt and hoodie design that she feels sums up everyone's feelings about 2020 pretty succinctly: it features an angry Stinky the festival mascot stomping on the year 2020 while holding a sign that reads "See you in 2021." The design's title reads: "We will live to stink another year." Shirts and hoodies are available for purchase online for shipping via USPS or can be purchased in person at Moranville's restaurant, The Quadrant in downtown Easton.

Summer's Tears by Robert L. Martin

Summer's tears fall upon the leaves
And lay in fear of the Autumn breeze
That ushers in the cool nights,
Performing such early October rites
Of turning the leaves to yellow and red
As Summer grows tired and goes to bed.

The dancing leaves shall dance no more,
Falling to the ground into Autumn's lore.
But fear not thy lover of Summer scenes
Autumn's lore shall bring back the greens
As the seasons ever turn
around the sun
To send the pangs
of Winter on the run.

Jacobsburg Environmental Education Center Community Programs, October

Outdoor School with Jacobsburg - Thursdays, 8:30am-3:30pm through November.

You may know Jacobsburg as a place to enjoy public environmental programs for individuals, families, and scouts, but we also serve over 35 different public and private K-12 schools for free throughout the academic year. This year is going to look very different for our schools and their students. Many are not allowing field trips, many are using virtual instruction, and some families are choosing to homeschool for the first time. Whichever way your students are learning this year, Jacobsburg is here to help with standards-based outdoor education in biology, environmental science, earth science, history, and language arts. If your student needs to get outside for an in-person educational experience, give us a call. We are prepared to offer in-person and virtual programs by request to groups of families, as well as schools. We require at least 5 students for a free hour-long lesson and group sizes are limited to no more than 20 people total. Please call to find out more, 610-746-2801.

DiscoverE: Tales for Tots - Tuesdays, 10:00-10:45am or 1:00-1:45pm, October 6th, 13th or Fridays 10:00-10:45am, October 2nd, 9th, 16th. Our popular Tales for Tots program returns with all new explorations! Join us for story time followed by nature activities for preschoolers ages 3-5. Each week we will explore a different topic by reading a book followed by a short scavenger hunt. Children that attend six sessions will earn a DiscoverE Hide n' Seekers certificate. Please note that all sessions will be identical during a given week. Children must be accompanied by an adult. Please note that we will be meeting at the pavilion across the street from the Visitor's Center each week. All participants over the age of two are required to wear a mask in order to participate. All participants are required to maintain a safe social distance at all times during the program. Our written health and safety plan is available upon request. Please register for each session that you plan to attend and register all members of your party including adults and additional children as space for this program is limited to 20 attendees total.

Teaching Area Restoration - Wednesdays, 8:30-10:30am, October 14th & 28th. We are looking for help with refurbishing our outdoor classrooms in the Henrys Forge Area. Flooding from August's tropical storm washed away the classroom seen in the photo and mildly damaged another. We have additional improvements on our wish list as well. The projects will involve spreading sand, gravel, and mulch, clearing brush, moving cobble size rock and logs, tree planting, and graffiti removal. We provide tools, gloves, and instruction. Volunteers will need to wear a mask, bring a water bottle, and practice social distancing. Registration is required in order to maintain small group sizes in accordance with the current health guidance.

Weekly Weeders - Wednesdays, 8:30-10:30am, October 7th & 21st. Interested in learning more about gardening with native plants? Volunteer to work alongside our education staff as they mulch, pull weeds, divide plants, and amend soil in the center's native plant garden. We provide instruction, tools, and weeding mats. Volunteers will need to wear a mask, bring a water bottle, and practice social distancing. Registration is required in order to maintain small group sizes in accordance with the current health guidance.
